Partner Profile

Bobby Thai is a highly regarded Risk & EHS specialist in developing corporate Risk and EHS management systems with over 20 year's experience. He has advised major organisations, both private and governmental, on key issues of strategy and organisational risk and safety management. Working within the international arena including ANZ, Asia Pacific to Middle East, Bobby has vast experience in developing corporate change programmes for Risk & EHS management and leadership development. Also a Worksafe Inspector in his previous role, he has a strong passion in helping clients in achieving EHS regulatory compliance.
