Employee Profile

Mary has a diverse background that provides a dynamic wealth of experience and skills for Skytrust. Mary has worked in the health and safety industry for over 20 years and in particular for over 13 years in a WHS regulatory environment in State and Federal Government.

Mary's strengths are evident in her knowledge and understanding of statutory, compliance and enforcement requirements, WHS management systems, the challenges faced by small and medium enterprises and balancing day to day business in a heavily regulated environment. Mary knows how to engage with business, whether, small, medium or large, private or public sector.

Mary has worked closely with Local, State and Federal Governments, industries such as construction, asbestos and demolition, manufacturing, security, aged cared, amusement, transport and logistics. She has been heavily involved with major public safety events such as the Clipsal 500, Royal Adelaide Show, Schutzendfest and Glendi Festival.
