

## Jeff Sawade

B.A B.Th Dip.Ed Dip.Phot(Commercial)

**Director**

For over 30 years Jeff has been an innovator in the application of information technologies to real world outcomes. A pioneer of the use of integrated database management using browser-based platforms, Jeff developed the online Safety and Quality systems which continue to provide significant improvements for large companies in high risk industries.

As an AIMIA Award-winning multimedia professional, Jeff brings significant technical, analytical and creative skills to the table as a consultant and developer.
