Partner Profile

A management professional with more than 30 years' experience working in the Middle East. For the last 17 years I have been working as an independent Management Consultant in all the countries on the Arabian Peninsula. I have worked in United Kingdom, Norway, Holland, France, Saudi Arabia, Bahrain, United Arab Emirates, Oman, Yemen, Lebanon, Egypt, Jordan, Iran and Sudan.

I have acted as a consultant in companies in design, implementation and subsequently training. My system design includes the need for business improvement as well as managing systems. I have covered the following standards - API Q19th Edition, API Q2 1st Edition, ISO 9001, 14001, 22001, 17025 OHSAS 18001.

My services include Change Management; a structured approach for ensuring that defined changes are thoroughly and smoothly implemented. It is used to help in constantly changing market requirements.

I also offer the preparation of business plans to establish a set of business goals with background information about organisation and management to meet the goals.

I have held senior safety management positions in industry and have designed systems for Oil and Gas operations, metal production, construction, hotels covering Risk Management of fire safety including emergency preparation: job safety analysis for reducing risk of injury to personnel.
