## Partner Profile

Rob has worked in the safety industry since 1994 and has a wide and varied background that provides a level of knowledge across a number of industries. One of Rob's strengths being that his knowledge comes from being at the coalface.

Rob's strengths are in his ability to apply compliance and legislative requirements into a system that is applicable and user friendly for small to medium business. Being a small Business Owner himself, and working across both Government and Private sectors, provides Rob with a sound understanding of the challenges facing business on a daily basis.

Rob has worked in training and consultancy with a wide cross section of industries including, Construction, Defence, Government, Local, State & Federal, Civil, the Fuel Industry, Local and Regional Councils, and Aged Care.
