Partner Profile

With a career spanning 25 years in Work Health and Safety, Human Resources and Industrial Relations for iconic businesses such as Western Mining (now BHP Billiton), Electrolux, Steggle's etc., Theresa has a very diverse range of skills to offer.

As the CEO for Employer Global Solutions, they provide work health and safety and human resources solutions for business. Clients include small local businesses through to global entities.

EGS provide a host of systems, process and operational solutions for business which drive improvements in the way they operate. This can include reduced absenteeism, LTO, rework and injuries, improved productivity, return on investment, working capital and wealth creation.

EGS adds value to your business in real dollar terms through training, HR, WHS, Environmental and Quality systems and processes.
